FUEL & ENERGY SUPPLY PORTFOLIO

 : www.az-ico.com

Fuel sourcing and energy supply for continuous power generation.

CORE CAPABILITIES

Natural & Refined Fuel Supply

Products

- LNG – Liquefied Natural Gas
- LPG – Propane & Butane
- CNG – Compressed Natural Gas
- Gasoline
- Diesel
- Mazut (Heavy Fuel Oil)
- Jet Fuel / ATK

Advantages

- Multi-origin procurement
- Consistent year-round availability
- Full export documentation & compliance
- Flexible shipment volumes
(bulk, containerized, drums)

Aviation Fuel (Jet Fuel / ATK)

Capabilities

- Jet A / Jet A-1 fuel supply
- Quality certificates (COA / Test Reports)
- Pre-loading inspection & sampling
- Scheduled, bulk, and airport-delivery programs

LNG & LPG Trading

Products

- Propane
- Butane
- Mixed LPG blends
- LNG for industrial
combustion & heating

Service

- Competitive long-term contract pricing
- Stable terminal loading capacity
- Safety-compliant handling & documentation
- Multi-port export flexibility

Features

- Competitive long-term contract pricing
- Stable terminal loading capacity
- Safety-compliant handling & documentation
- Multi-port export flexibility

Bitumen Supply (Asphalt / Tar)

Specifications

- Penetration grades: 40/50 – 60/70 – 80/100
- Packaging: drums, polybags, jumbo bags, bulk
- QC documentation: COA, SGS/Intertek, loading photos
- Custom grading available for project-specific needs

Liquid Petroleum Products

Products

- Methanol
- Ethanol
- Hydrocarbon fractions
(Light & heavy)

Specifications

- High-purity grades
- COA & MSDS available
- Packaging options:
ISO tanks, drums, bulk
- Third-party inspection
upon request

Petroleum Derivatives

Applications

- Industrial solvents
- Lubricants & specialty oils
- Fuel additives
- Heavy hydrocarbon blends

Liquid Petroleum Products

Transport Options

- Bulk vessel loading (Panamax / Handymax)
- ISO tanks for liquid fuels
- Tanker trucks for regional deliveries
- Containers with industrial-grade liners
- Rail tank wagons (where applicable)

Port Operations

- Terminal storage & heating facilities
- Ship-side loading
- Pump-over / pipeline transfer
- Pre-shipment inspection & sampling
- BL, invoice & packing list preparation

Export Markets

- Middle East
- North Africa
- South Asia
- Southeast Asia
- CIS & Central Asia

Delivery Programs

- Spot contracts
- Short-term supply contracts
- Long-term industrial supply
- Seasonal or volume-based
procurement programs

Applications & End-Users

- Power plants
- Industrial manufacturers
- Transport & logistics fleets
- Petrochemical facilities
- Aviation sector

Contract Types

- CIF
- CFR
- FOB
- FCA
- Ex-Works
- DAP

Integrated supply solutions for natural gas, refined fuels, and petrochemical derivatives serving industrial, commercial, and aviation sectors.
